

**JAMES RIVER
TRADE EXCHANGE**

Once you trade you're hooked!

PLEDGE OF INTEGRITY

James River Trade Exchange allows only reputable businesses to become members of the exchange. The integrity of JRTE depends on the quality of services and products offered by our members. It is imperative that you treat every member as if they were paying cash.

Prices are not to be inflated but should reflect the retail or "going rate" of the product or service your business regularly offers. Only the highest quality of services and products will be accepted.

If these guidelines are compromised, JRTE brokers will no longer be able to recommend your business to other members and your membership status may become tentative.
